PROFESSIONAL SUMMARY

Motivated and detail-oriented MCA graduate with a strong foundation in software development, data analytics, and web technologies. Proficient in Python, JavaScript, SQL, HTML, CSS, Git, and database management, with hands-on experience building responsive web applications, interactive dashboards, and data-driven solutions through academic and personal projects. Skilled in problem-solving, data analysis, debugging, and developing scalable, user-focused applications. Quick learner with excellent analytical, communication, and collaboration skills, eager to contribute to innovative teams while continuously expanding technical expertise and delivering impactful solutions in a dynamic environment.

SKILLS

- | | | | |
|------------------------|----------------------|----------------------|----------------------|
| • HTML5 | • CSS3 | • JavaScript | • Python |
| • Flask | • Data Analysis | • Power BI | • Tableau |
| • NumPy | • Pandas | • JSON | • Git/GitHub |
| • SQL | • MySQL | • SQLAlchemy | • Excel/Spreadsheets |
| • REST API Integration | • Database Modelling | • Data Visualization | |

PROJECT EXPERIENCE

Smart Expense Analytics Platform

Flask · Python · SQLAlchemy · JavaScript · Chart.js · Three.js · HTML5 · CSS3 · Agile

- Built full-stack expense tracker using Flask and SQLAlchemy with user authentication, persistent storage, and multi-category transaction management.
- Built interactive Chart.js dashboards to visualize monthly and category-wise spending trends, enabling faster financial analysis.
- Developed Three.js 3D spending-ring driven by live DB queries, improving data interpretability for non-technical users.

IPL – Dashboard

Power BI · Microsoft Excel

- Built an interactive **IPL Analysis Dashboard** in Power BI, visualizing 18 seasons (2008–2025) of match data with dynamic season-wise filtering
- Designed DAX measures to surface season-level insights — Orange Cap/Purple Cap leaders, top boundary hitters, and team standings — across 2 relational data tables
- Delivered a polished, image-rich UI (team logos, player photos) demonstrating strong data modeling and dashboard design skills

EDUCATION

MCA — Master of Computer Applications

Aug 2024 — Jun 2026

Global Group of Institutes, Amritsar | CGPA: 8.2 / 10

CERTIFICATIONS

- Web Development — Excellence Technology, 2025
- Google Data Analysis with Python (Specialization) — Google | Coursera ([Certificate](#))
- Responsive Web Design — freeCodeCamp ([Certificate](#))
- Data Analytics — Cisco Networking Academy ([Certificate](#))
- Foundations of Prompt Engineering — AWS Skill Builder
- Data Analytics Job Simulation — Deloitte (via Forage) ([Certificate](#))
